Introduction

Background

The Fédération Internationale des Quilleurs (FIQ) was founded in Hamburg, Germany on 27 January 1952 to foster worldwide interest in amateur tenpin and ninepin bowling and international friendship through the world and zone tournaments and bowling competitions between athletes of different countries. FIQ maintained two separate membership disciplines known as the World Tenpin Bowling Association (WTBA) and the World Ninepin Bowling Association (WNBA).

The World Tenpin Bowling Association of the Fédération Internationale des Quilleurs was created to serve the amateur sport of tenpin bowling throughout the world. Its mandate, therefore, was to augment the promotional and sportsmanship principles of FIQ and further serve the sport by adopting uniform playing rules and equipment specifications for its tournaments, or any others to which it grants approval, thereby providing an example of uniformity for the game.

Any reference in this text to national membership or representative of a country technically refers to the federation with membership for a country.

At 2015 FIQ and WTBA Congresses the two organisations FIQ and WTBA was merged into one organisation World Bowling, which from January 1, 2016 is the governing world organisation for tenpin bowling.

Championships and tournaments

Chapters 2, 4, 5, 6, 7, 9, 10 and 11 of these rules shall prevail for championships conducted by World Bowling.

For Zone Championships Chapters 2, 9, 10 and 11 shall prevail. Each Zone shall have its own set of rules for its championships in which variations are permitted from Chapters 4, 5 and 6.

For World Bowling approved international tournaments Chapters 2, 3, 9, 10 and 11 shall apply.

For World Games, Regional Games and Other Global Games Chapters 2, 8, 9, 10 and 11 shall apply.

Equipment

All tenpin tournaments approved by World Bowling shall be conducted with equipment and products, which have been certified, by an official World Bowling test facility, to comply with all World Bowling Specifications. Such approval is subject to and contingent upon laboratory examination, testing procedures and fees established by the World Bowling Executive Board.

Presently, the USBC facility at Arlington, USA is the only official World Bowling test facility. Other facilities may apply for and receive such official status by submitting detailed information satisfactory to the World Bowling Executive Board that its testing procedures comply with World Bowling requirements.

Note
In the World Bowling Statutes and Playing Rules, the masculine gender used in relation to any
physical person shall, unless there is a specific provision to the contrary, be understood as including the feminine gender.

Only one organization from a country may be admitted to membership, except that additional national organizations may be admitted as members:
   a) where the Congress determines that it is in the best interests of the sport, and
   b) World Bowling receives separate applications from traditionally distinct and separate sporting territories within a country, and
   c) provided that other international sports federations consider them as separate organizations, and
   d) provided also that for the Olympics and for the Games under its auspices (e.g., the Asian, European and Pan American Games) they shall cease to be separate and shall come under the jurisdiction of the National Olympic Committee of the said country, and
   e) provided also that the original World Bowling member federation has no objection to such application for the separate membership.

Notwithstanding the foregoing, commencing January 1, 2018, no new member shall be admitted to World Bowling membership unless it has a separate National Olympic Committee that is recognized by the International Olympic Committee. Any World Bowling members that were members in good standing as of December 31, 2017 are exempt from this provision.

1.4.4 Alternative approval process. Notwithstanding the requirements above, the Congress may accept new member federations in special and exceptional circumstances provided there is at least a three-quarter (3/4) majority of votes given.

1.4.5 Rights of the ordinary members
   a) To take part in the Congress in accordance with the stipulations, propose a motion and make election proposals. Each member federation has one vote at the Congress. The vote may be transferred by proxy to another member federation, but only one proxy vote may be assigned to a member organization
b) To participate in all World Bowling activities

c) To allow individual athletes to have membership in more than one national federation which is a member of World Bowling

1.4.6 Provisional members shall have the rights of the ordinary members, except that they shall not have the right to vote at the Congress or at a Zone Congress.

1.4.7 Suspended member federations shall have the rights of the ordinary member federations except that they shall not have the right to vote at the Congress or at a Zone Congress, nor to participate in any World Bowling or Zone activities.

1.4.8 Termination of Membership
   a) Voluntary - A member federation may voluntarily surrender its membership by notifying the President, in writing, of its desire to do so at least one month before the end of the year.

   b) Involuntary – Permissible - The Executive Board, acting on behalf of the Congress, may terminate a member federation’s membership for the following causes:
      i. Failure to pay any annual membership and/or other dues to World Bowling or any zone(s) of World Bowling for at least a year;
      ii. Continued violations of these Statutes or actions that the Executive Board deems to bring discredit to World Bowling; or
      iii. Failure to satisfy the membership admission criteria on an ongoing basis.

   c) Involuntary – Procedures - The Executive Board shall notify a member federation that its suspension or termination is under consideration and accord the member federation an opportunity to address the issues for which its membership may be suspended or terminated. A two-thirds (2/3) vote of the Executive Board will be necessary for any suspension or expulsion. A suspended member also may appeal any such decision by the Executive Board to the Congress. The Congress may overrule a suspension or expulsion decision of the Executive Board where such action is approved by at least a two-thirds (2/3) vote of all registered for the Congress, including proxies. World Bowling may decide on procedures for suspension of a member federation, which has failed to pay the stipulated membership and/or other dues within due time. Such suspension shall be revoked immediately when all arrears including eventual fines have been paid. If payment has not been made within one year, it shall be reported to the Executive Board for decision about eventual termination of the federation’s membership.

   b) To formulate their own statutes in such a way that they are not in contradiction with World Bowling Statutes and Playing Rules.

   c) To adhere to the principles of good sportsmanship at international events
d) To submit immediately the fees, which have been stipulated by World Bowling and its Zones

e) Membership fees must be paid to World Bowling and its zones as well as other financial obligations owed to World Bowling in order to be eligible for vote or voice at the Congress or participate in championships and/or tournaments conducted by World Bowling

f) To report immediately to World Bowling and the Zones suspension of any individual member

A suspended individual member shall be deprived of all his/her privileges. Such a suspended individual member shall not have the right to vote at the Congress or Executive Board or at the Zone Congress or Executive Board, nor to participate in any World Bowling or Zone committees and/or activities.

Such suspended individual member will be relieved of any title or position in World Bowling or the Zone. An individual suspension can be at most for 2 years. After that period the individual may be member of any federation.

In the event of loss of title or position in World Bowling, the suspended individual shall have the right to appeal the suspension of World Bowling title or position to the Executive Board, which may uphold or reverse only that portion of the suspension.

g) To supply immediately such information as may be required by World Bowling

h) To inform World Bowling Secretary General immediately of all changes of address and officers

i) To encourage friendly relationships between the members of World Bowling

j) To adopt a regulation which subjects each of their individual members to the jurisdiction of World Bowling

k) To avoid any sports contact, official or otherwise, with sports federations or athletes of a country, which follows the principles of apartheid

l) A member federation which does not fulfill its financial obligations to World Bowling after given a deadline of 30 days will not be allowed to take part in official World Bowling championships as well as no right to vote in World Bowling Congress until such obligation is fulfilled

1.4.10 Upon recommendation of the Executive Board, the Congress shall from time to time prescribe the amount of fees to be paid by its member federations.

1.4.11 The Executive Board may review all matters related to the continued recognition of any member and may take such action as it deems appropriate, including placing conditions upon continued recognition of any member. In the event the Executive Board recommends membership termination, the matter shall be referred to the Congress for a final decision.

1.4.12 Dispute resolutions for championships/tournaments (excluding eligibility)

a) For championships/tournaments conducted by World Bowling or Zones disputes are to be resolved as described in Chapter 4, with the jury of appeal making all final decisions

b) For tournaments approved by World Bowling or Zones disputes are to be resolved as described in Chapter 3, with the Executive Board making all final decisions

1.4.13 Eligibility questions and other disputes not arising from tournament decisions
a) All such disputes are to be resolved by submitting a written appeal to the President
b) If a further appeal is desired, it must be submitted in writing to the Executive Board within
   30 days after the receipt of the President’s decision
c) There shall be no further appeal from the final decision making body described above
   nor shall there be any right to commence private litigation thereafter

1.5 Organisational structure

1.20 Revisions

2. **Universal playing rules**

2.1 **Game definitions**

2.1.1 A game of tenpins consists of ten frames. A player delivers two balls in each of the first nine frames unless a strike is scored. In the tenth frame, a player delivers three balls if a strike or spare is scored. Every frame must be completed by each player bowling in regular order.

2.1.2 Except when a strike is scored, the number of pins knocked down by the player’s first delivery is to be marked in the small square in the upper left-hand corner of that frame, and the number of pins knocked down by the player’s second delivery is to be marked in the upper right-hand corner. If none of the standing pins are knocked down by the second delivery in the frame, the score sheet shall be marked with a (\(\square\)). The count for the two deliveries in the frame shall be recorded immediately.

2.1.3 A strike is made when a full setup of pins is knocked down with the first delivery in a frame. It is marked by an (X) in the small square in the upper left-hand corner of the frame where it was made. The count for one strike is 10 plus the number of pins knocked down on the player’s next two deliveries.

2.1.4 Two consecutive strikes is a double. The count for the first strike is 20 plus the number of pins knocked down with the first delivery following the second strike.

2.1.5 Three successive strikes is a triple. The count for the first strike is 30. To bowl the maximum score of 300, the player must bowl 12 strikes in succession.

2.1.6 A spare is scored when pins left standing after the first delivery are knocked down with the second delivery in that frame. It is marked by a (/) in the small square in the upper right-hand corner of the frame. The count for a spare is 10 plus the number of pins knocked down by the player’s next delivery.

2.1.7 When a player fails to bowl down all ten pins after two deliveries in a frame, unless the pins left standing after the first delivery constitute a split, it is called an open frame.

2.1.8 A split (normally marked with an O around the number of pins) is a setup of pins left, standing after the first delivery, provided the head pin is down and:

a) At least one pin is down between two or more standing pins; i.e. 7-9 or 3-10

b) At least one pin is down immediately ahead of two or more standing pins; 5-6

2.2 **Style of play**

2.2.1 Dual lane style

a) A game shall be played on two lanes (a pair) immediately adjoining each other.

b) Members of competing teams, trios, doubles and individual entrants shall successively and in regular order bowl one frame on one lane, and for the next frame alternate and
use the other lane until five frames are bowled on each lane of the pair.

2.2.2 Single lane style
   a) A game shall be played on one lane.
   b) Members of competing teams, trios, doubles and individual entrants shall successively
      and in regular order bowl one frame on one lane until 10 frames are bowled on the lane.

2.2.3 The rules for each specific tournament shall specify which style of play that applies.

2.3 Legal pin fall

2.3.1 A legal delivery is made when the ball leaves the player’s possession and crossed the foul
   line into playing territory.

2.3.2 Every delivery counts unless a dead ball is declared.

2.3.3 A delivery must be made entirely by manual means.

2.3.4 No device may be incorporated in or affixed to the ball that detaches on delivery or is a
   moving part during delivery.

2.3.5 A player may use special equipment to aid in grasping and delivering the ball if it is in place
   of a hand or major portion thereof lost by amputation or otherwise.

2.3.6 Pins following a legal delivery - to be credited to a player, to be termed dead wood and to be
   removed before the next delivery - shall include
   a) Pins knocked down or off the pin deck by the ball or another pin
   b) Pins knocked down or off the pin deck by a pin rebounding from a side partition or rear
      cushion
   c) Pins knocked down or off the pin deck by a pin rebounding from the sweep bar when it is
      at rest on the pin deck before sweeping dead wood from the pin deck
   d) Pins that lean and touch the kickback or side partition

2.4 Illegal pin fall

2.4.1 When any of the following occur the delivery counts but the resulting pin fall does not
   a) A ball leaves the lane before reaching the pins
   b) A ball rebounds from the rear cushion
   c) A pin rebounds after coming in contact with the body, arms or legs of a human pinsetter
   d) A pin is touched by mechanical pin setting equipment
   e) Any pin knocked down when dead wood is being removed
   f) Any pin knocked down by a human pinsetter
   g) The player commits a foul
   h) A delivery is made with dead wood on the lane or in the gutter and the ball contacts such
      dead wood before leaving the lane surface

2.4.2 If illegal pin fall occurs and the player is entitled to additional deliveries in the frame, the pin
   or pins illegally knocked down must be re-spotted where they originally stood.
2.5 Other pin actions

2.5.1 When bowling at a full setup or to make a spare, if it is discovered immediately after the delivery that one or more pins are set improperly, but not missing, the delivery and resulting pin fall counts. It is each player’s responsibility to determine if a setup is correct. The player shall insist that any pin or pins incorrectly set be re-spotted before delivering the ball, otherwise the setup is deemed to be acceptable.

2.5.2 No change can be made in the position of any pins left standing after a delivery. That is, pins that are moved or misplaced by a mechanical pinsetter shall remain in the moved or misplaced position and shall not be corrected manually.

2.5.3 Pins that rebound and stand on the lane must be counted as standing pins.

2.5.4 No pins may be conceded and only those actually knocked down or moved entirely off the playing surface of the lane as a result of a legal delivery may be counted.

2.5.5 Should a pin be broken or otherwise badly damaged during the game, it shall be replaced at once by another as nearly uniform in weight and condition with the set in use. The tournament officials shall determine whether pins shall be replaced.

2.6 Dead ball

2.6.1 A ball shall be declared dead if any of the following occur:
   a) After a delivery (and before the next delivery on the same lane), attention is immediately called to the fact that one or more pins were missing from the setup.
   b) A human pinsetter interferes with any standing pin before the ball reaches the pins
   c) A human pinsetter removes or interferes with any downed pin before it stops rolling
   d) A player bowls on the wrong lane or out of turn. Or one player from each team on the pair of lanes bowls on the wrong lane
   e) A player is physically interfered with by another player, spectator or moving object or by the pinsetter as the ball is being delivered and before delivery is completed. In such case, the player has the option to accept the resulting pin fall or have a dead ball declared
   f) Any pin is moved or knocked down as a player delivers the ball but before the ball reaches the pins
   g) A delivered ball comes in contact with a foreign obstacle.

2.6.2 When a dead ball is called, the delivery does not count. The pins standing when the dead ball occurred must be re-spotted and the player allowed re-bowling the delivery.

2.7 Bowling on wrong lane

3.1.2 World Bowling approval of a tournament means that it is open for participation by athletes who are individual members of World Bowling member federations.

3.1.3 Approval shall not be granted to any tournament, which implies by its title that the winners shall be designated as World Champions, World Tenpin Champions or World Bowling Champions. A member federation shall not permit its members to participate in tournaments using such titles.

3.1.4 Rules 3.3 - 3.10 apply only to World Bowling Approved Tournaments.

3.2 Definition of tournaments

3.2.1 World Bowling Approved Tournaments
   a) A World Bowling Approved Tournament is open for athletes from federations from two or more Zones.
   b) A Tournament cannot be open for athletes from more than the Zone, where the tournament takes place, unless World Bowling approval is given.
   c) To achieve World Bowling approval the tournament needs to be approved in advance by both the national federation where the tournament takes place and the Zone of the national federation.

3.2.2 World Bowling Recognized Tournaments
   a) In addition to World Bowling approval of tournaments, the World Bowling Executive Board can recognize other tournaments with participation of athletes, who are members of World Bowling member federations, such as multi-sport games and tournaments organized for a certain group of athletes.

3.2.3 Affinity Tournaments
   a) There are also other tournaments organized for specific groups of people, such as events for persons belonging to a trade union, an organization for disabled persons, etc.
   b) If such tournaments have not been approved or recognized by World Bowling, it is the responsibility of the national federation to decide whether their members are allowed to participate. In that case World Bowling has no responsibility to protect the rights of athletes participating or to accept any appeals related to such tournaments.

3.3 Eligibility

3.3.1 Athletes participating in sanctioned tournaments must be certified by their respective national federation. The federation must not be under suspension by World Bowling.
